Anno di produzione 2019

Production year 2019

[It] — La collezione Geo si arricchisce di un nuovo elemento: una poltroncina a tutto tondo creata utilizzando come seduta l'omonimo pouf.

La struttura in tondino metallico sorregge lo schienale curvato in legno imbottito, le sue forme risultano generose senza essere invadenti.

I nuovi pouf Geo di diametro 75 cm sono predisposti ad accogliere la struttura dello schienale che può essere agganciata facilmente alla base del pouf anche in un secondo momento.

Struttura

In legno ricoperto con poliuretano espanso a quote differenziate (25IP, 75IP e 25IM) e rivestito con resinato 150gr/mq accoppiato a vellutino.

Piedini

In trafilato dal diametro di 14 mm con finitura rame lucido, ottone satinato o verniciato grigio.
Il pouf di seduta ha piedi in PVC nero h 15mm.

[En] — The Geo collection is enriched with a new element: a completely rounded armchair created utilising the namesake pouf as its seat.

The metal rod structure supports the curved padded wooden back. The proportions are generous without being over-bearing.

The new Geo poufs in 75 cm are designed to accommodate the structure of the backrest and can be easily attached to the base of the pouf even at a later time.

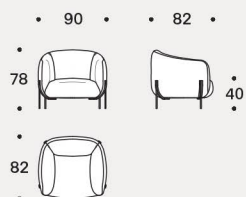

Structure

In wood covered with variable density polyurethane foam (25IP, 75IP and 25IM) and clothed with resin 150gr/sqm coupled to velveteen.

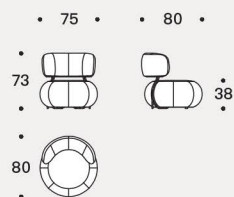

Feet

In 14mm wire drawn with glossy copper, satin brass or grey painted finish.
Seating pouf's feet are in black PVC h 15mm.
